Mentor, Breeder, Club, Family, Friend, Classes/workshops, Random dog show attendees, My breeder was very supportive and the people in my breed were very welcoming/encouraging. I took local handling classes, then started reaching out to others for help. I watched online videos, read books, and tried to gather information from many sources on how to show a dog. I realize I am very lucky that the people in my breed were welcoming at the start, not off-putting!
